

# Toxicology Sample Submissions

Ohio Department of Agriculture  
Division of Animal Industry  
Animal Disease Diagnostic Lab  
8995 E Main Street  
Reynoldsburg, Ohio 43068  
Phone: 614.728.6220

*Please submit the appropriate specimen for the desired test. Federal regulations govern the packaging and labeling of diagnostic samples. Many couriers refuse to handle packages that are leaking or show signs of internal breakage.*

## Instructions:

1. Ship specimens in appropriate leak-proof containers.
2. Screw-cap closures must be reinforced with tape and/or double enclosed.
3. Label each specimen container with owner's last name, animal name/number and type of specimen.
4. Double bag specimens shipped in whirl-pak bags.
5. Add absorbent material to prevent leakage should breakage occur.
