**Ohio Administrative Code (OAC) 901:6-4-01** outlines the application process for obtaining a permit to operate a commercially used weighing and measuring device in the state of Ohio. The rule is being amended to correct the number of days an applicant may submit his application late before the Department may issue a late fee. Currently, the rule states ninety days while the statute (ORC 1327.501) states sixty days. This revision ensures that the rule and the statute are aligned.
