Bickel's Snack Foods Notice of Voluntary Recall

December 22, 2016 - Bickel's Snack Foods, Inc., of York, PA is voluntarily recalling all snack products that were made with milk ingredients supplied by one of its' secondary seasoning component suppliers, Valley Milk Products LLC, due to Salmonella contamination. On 12/16/16, Bickel's Snack Foods, Inc. was notified Valley Milk Products, LLC initiated a recall of products made with milk powders or sour cream. The Food and Drug Administration (FDA) has been made aware of this recall.

Salmonella is an organism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with Salmonella often experience fever, diarrhea, nausea, vomiting and abdominal pain. In rare circumstances, infection with Salmonella can result in the organism getting into the blood stream and producing more severe illnesses.

Although no lab tests have confirmed the presence of Salmonella in these products and no illnesses have been reported, we are voluntarily recalling these products out of an abundance of caution.
