

# 2023 SPECIALTY CROP BLOCK GRANT

## Request for Proposals & Instructions

Released:

Friday, February 10, 2023, 12:00p.m. EST

Grant Proposals Due:

**Friday, March 24, 2023, 5:00p.m. EST**

No late submissions will be accepted.

Incomplete submissions will not be considered.

**Ohio Department of Agriculture**

Attn: Ashley McDonald

8995 East Main Street

Reynoldsburg, Ohio 43068

614-728-6206

[SCBG@agri.ohio.gov](mailto:SCBG@agri.ohio.gov)

## **PROGRAM OVERVIEW**

The Ohio Department of Agriculture (ODA) will be receiving a federal allocation from the United States Department of Agriculture (USDA) for specialty crop promotion in 2023. ODA is currently soliciting projects to solely enhance the competitiveness of Ohio specialty crops. It is the intent that all funding will be used to advance the long-term economic and viability of Ohio's specialty crop industry while increasing the marketability of specialty crops.

The USDA Agricultural Marketing Service (AMS) will allocate funding to Ohio to solely enhance the competitiveness of specialty crops. The Ohio Department of Agriculture will award multiple grants to sub-recipients from these funds. Grant awards will range from a minimum of \$25,000 up to a maximum of \$150,000. ODA reserves the right to offer an award amount different than the amount requested.

Because USDA is the funding authority, the agency will have final approval for projects submitted through this notice. ODA will utilize a review panel to make funding recommendations to ODA Director Brian Baldrige. The review panel and Director's decision will be forwarded to USDA to make the final determination concerning the awards. Projects cannot begin until the USDA has made their official award announcement and the contract between ODA and the sub-grantee has been signed by all parties. Projects are permitted to last two years in duration (September 2023– September 2025), with an option to extend to a third year with ODA approval.

### **Purpose of Grant**

Grant Proposals must enhance the competitiveness of Ohio specialty crops in either domestic or foreign markets by leveraging efforts to market and promote specialty crops, assisting producers with research and development relevant to specialty crops, expanding availability of and access to specialty crops, and addressing local, regional, and national challenges confronting specialty crop producers. Specialty crops are fruits, vegetables, tree nuts, dried fruits, and horticulture and nursery crops (including floriculture). Visit the U.S. Department of Agriculture's (USDA) What is a Specialty Crop website (<https://www.ams.usda.gov/services/grants/scbgp/specialty-crop>) for a list of eligible and ineligible commodities and a comprehensive definition of specialty crops.

### **Applicant Eligibility Requirements**

The Ohio Department of Agriculture will only accept proposals for consideration for specialty crop block grant funds from food and agricultural non-profit organizations, cooperatives, associations or commodity groups, universities, and research institutions (hereinafter referred to as "eligible applicants") that represent specific specialty crop sectors.

Individuals and partnerships (hereinafter referred to as "partnering entities") may participate in this grant program by developing and submitting proposals, through an eligible applicant. If an eligible applicant is partnering with a partnering entity, the eligible applicant will be the grantee with the Ohio Department of Agriculture for the block grant funds and be the party responsible for the completion of the grant and associated requirements. Eligible parties are encouraged to seek applications or proposals from their membership to be considered for submission for a specialty crop block grant.

Private individuals and companies are not eligible to apply. Employees of the Ohio Department of Agriculture, members of their immediate family, or business partners of the aforementioned are not eligible to receive a grant. Members of the review committee are not permitted to apply for the grant if they are the applicant or have a financial obligation to project.

Each applicant must obtain a Unique Entity Identifier (UEI). On April 4, 2022, the Federal government stopped using DUNS to uniquely identify entities and started using a UEI created in the System for Award Management (SAM.gov). For more information, please visit [gsa.gov/entityid](https://gsa.gov/entityid). You are not required to have the UEI number before submitting your application to the Ohio Department of Agriculture for the 2023 Specialty Crop Block Grant program, but you will be required to have the number before accepting funds as a recipient.

### **Proposal Timeline**

Ohio RFP Opens	February 10, 2023, at 12PM EST
SCBG Informational Webinar	February 22, 2023, at 11AM EST
Application deadline	March 24, 2023, by 5PM EST
Review panel recommendations	April 2023 (exact date TBA)
Ohio plan Due to USDA	May 1, 2023, by 11:59PM EST
Expected date of completed contract and grant awards	November 1, 2023

### **Submission Criteria**

To be considered, applications must be submitted electronically to Ashley McDonald at [SCBG@agri.ohio.gov](mailto:SCBG@agri.ohio.gov) or [Ashley.McDonald@agri.ohio.gov](mailto:Ashley.McDonald@agri.ohio.gov) no later than 5:00PM EST on Friday, March 24, 2023.

### **GRANT ELIGIBILITY REQUIREMENTS**

- A. Proposals shall be designed to address obstacles or opportunities that solely impact the competitive advantage of Ohio's specialty crop industry; develop a plan to address these obstacles or opportunities.
- B. Proposals must clearly identify measures that can quantify the results or outcome of the proposed project. Proposals that able to demonstrate clear profit and employment opportunities to the specialty crop industry will be given a higher rating during the review process.
- C. Grant projects may focus on, but are not restricted to these areas:
  - Enhancing food safety or water quality.
  - Improving the capacity of all entities in the specialty crop distribution chain to comply with the requirements of the Food Safety Modernization Act ([21 U.S.C. Chapter 27](#)), for example, developing "Good Agricultural Practices," "Good Handling Practices," "Good Manufacturing Practices," and in cost-share arrangements for funding audits of such systems (including USDA Group GAP) for small farmers, packers and processors.
  - Development of season extension and sales opportunities.
  - Provide improvements in the aggregation and distribution of specialty crops.
  - Support for efforts to reduce or mitigate risk for specialty crop producers, particularly in the areas of climate and weather extremes, crop disease, pest control and/or labor.
  - Diversification and expansion of production and processing.
  - Implement programs or projects that provide outreach and education on the importance of the industry with regards to Ohio's economy, food safety or the nutrition and health benefits of specialty crops.
  - Provide technical and direct support to beginning producers.
  - Assist specialty crop producers in cooperative marketing efforts.
  - Initiatives to assist Ohio's nursery industry.

- Developing new and improved specialty crops through seed varieties, cultivars, cuttings, etc.
  - Increasing child and adult nutrition knowledge and consumption of specialty crops.
  - Addressing COVID 19 impact on specialty crop industry or building infrastructure to support alternative direct markets to consumers that protect public health.
- D. All applicants must provide matching funds of a minimum of 25% of the requested grant amount. This match can be cash or in-kind contribution. Indirect expenses that are unallowable for reimbursement though the federal grant award may be used as match. Please note that funds can only be used for expenses related directly to the project.
- E. Examples of Acceptable Projects:
- A non-profit organization requests funds to demonstrate the viability of organic small fruit production and partners with Cooperative Extension to publicize the working model of diversification to other regional growers.
  - A university partners with a single farmer to implement food safety practices or models on his/her property to meet food safety requirements. The university and farmer then conduct multiple field day and training services at the farm, to encourage other small family farmers to adopt the methods.
- F. Examples of Unacceptable Projects:
- A company requests grant funds to purchase starter plants or equipment used to plant, cultivate, and grow a specialty crop to make a profit or to expand production of a single business or organization.
  - A single specialty crop organization requests grant funds to market its organization so that it can increase its membership.

### **APPLICATION INSTRUCTIONS AND PROPOSAL FORMAT**

An online application for 2023 is available at:

[www.agri.ohio.gov/wps/portal/gov/oda/divisions/markets/resources/SCBG](http://www.agri.ohio.gov/wps/portal/gov/oda/divisions/markets/resources/SCBG).

Please note that there are several parts to this year's application:

1. Organization and Grant Applicant Contact Information Form.
2. USDA Project Profile Template.
3. A PDF of appendices which should include:
  - a. A budget outline of your 25% match.
  - b. Three letters of support for your project.
  - c. Current résumés for each individual working on the project.
  - d. Copy of IRS 501(c)3 determination.

The Project Profile Template will include the following elements described in detail in the online application and links to supporting documents. Reviewers will consider opportunities to link separate proposals with similar goals and objectives and may make suggestions for resubmission of a collaborative proposal.

1. Project Title: Please keep title to 15 words max.
2. Duration of Project: Please use 9/30/2023 as the beginning date and 9/29/2025 as the end date.

3. Project, Partner and Summary: Provide a project summary of 250 words or less suitable for dissemination to the public. This should include a very brief (1 sentence) description to include the name of the organization; concise outline; and description of the general tasks to be completed.
4. Project Purpose: What is the specific issue, problem, or need that the project will address? Provide a listing of objectives that the project hopes to achieve.
5. Project Beneficiaries: Estimate the number of beneficiaries; will the project benefit socially disadvantaged farmers or beginning farmers?
6. Statement of Solely Enhancing Specialty Crops: Include a statement that confirms the project will specifically enhance specialty crops.
7. Continuation Project Information: If this is a continuation of a previously funded project, please describe how it will differ from the build on the previous efforts; 3 to 5 sentences of the outcomes of the previous efforts and lessons learned on potential project improvements.
8. Other Support from Federal or State Grant Programs: This grant will not fund duplicative projects. Did you submit this project to a Federal or State grant program? Please identify the grant if applied.
9. External Project Support: Describe the specialty crop stakeholders who support this project and why. (Must be other than the applicant and organizations involved.)
10. Expected Measurable Outcomes: Select at least one of the seven Outcome Measures provided on the application. Choose at least one Outcome Indicator from the attached document, "SCBGP Performance Measures" that corresponds with the measurable outcome. Please note that the Performance Measures have been updated for the FY2022 grant application cycle and forward.
11. Miscellaneous Outcome Measure: In the unlikely event that the outcomes and indicators are not relevant to your project, you must develop a project-specific outcome(s) and indicator(s) which will be subject to approval by USDA/AMS.
12. Data Collection to Report on Outcomes and Indicators: Explain how you will collect the required data to report on the outcome and indicator.
13. Budget Narrative: All expenses described in the budget narrative must be associated with expenses that will be covered by the SCBGP. A 25% match is required by ODA. Please prepare a separate budget sheet showing your 25%. Please use the following as a guideline when preparing your budget narrative.

- Personnel: List the organization's employees whose time and effort can be specifically identified and easily and accurately traced to project activities. Include the number of hours or %FTE for each person. Provide justification for each individual by describing the activities and when they will occur.
- Fringe Benefits: Provide the fringe benefit rates for each of the project's salaried employees described in the Personnel section that will be paid with SCBG funds.
- Travel: Explain the purpose of each trip request to include destination; purpose of travel; type of travel (air, car); number of days/miles; cost per day/mile; hotel rate per day; number of travelers. You must follow the state travel rules. For travel rules visit: <http://ohiosharedservices.ohio.gov/TravelExpense/>. Justification must include when the trips will occur and how it will achieve the objectives and outcomes of the project.
- Equipment: Purchases of equipment is not permitted. Equipment is an item that costs \$5,000 or more.
- Supplies: List the materials and supplies that cost less than \$5,000 per unit and describe how they will support the purpose and goal of the project. Justification should include the purpose of the supply and how it is necessary for the completion of the project's objectives and outcomes. ***Please be as detailed as possible when listing supplies, including unit/cost.***
- Program Income: This is gross income generated by the grant and must be reinvested back into the project to solely enhance the competitiveness of specialty crops. Please explain how

you will reinvest the income into your project on your written quarterly reports. Your quarterly reimbursement form must include the funds collected that specific quarter.

- Contractual/Consultant: These costs are the expenses associated with purchasing goods and/or procuring services performed by an individual or organization other than the applicant in the form of a procurement relationship. If there is more than one contractor or consultant, each must be described separately. A copy of each completed contract must be submitted to ODA for the project file.
  - If the contractor is already chosen, please clarify that the policies and procedures were followed and conform to the federal laws and standards identified in 7 CFR Part 3019.40 through 48 or 3016.36, as applicable.
  - If the contractor has not been selected, provide acknowledgement that the procurement processes have not yet been conducted and an assurance that the proper guidelines and procedures will be followed as identified in 7 CFR Part 3019.40 through 48 or 3016.36, as applicable.
  - Provide an itemized budget (personnel, fringe, travel, equipment, supplies) with appropriate justification.
  - If contractor hourly rates exceed the salary of a GS-15 step 10 Federal employees in your area (for information visit <http://www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/>), provide a justification for the expenses. This limit does not include fringe benefits, travel, indirect costs, or other expenses.
  - Other – Include any expense not covered in any of the previous budget categories. Be sure to break down costs into cost/unit. This section may include meetings, conferences, advertisements, publication costs and data collection expenses. Justify the expense and why it is important to the success of the project.

### Support Letters

All proposals **must include three (and not more than three)** letters of support for the project from industry members that confirm a need for this project. The letters must be received with the original grant application.

### Appendices

- Current résumés for each individual working on the project (**no more than 2 pages each**).
- Three industry support letters.
- Copy of IRS 501 (c) 3 determination.

ODA may ask a potential grantee for additional information on any of the application requirements prior to awarding the grant or entering into a grant agreement with the grantee. ODA reserves the right to fund the project in part, add or delete tasks and ask for clarification on the work plan, timeline, expected measurable outcomes or budget. No agreement will be entered into until ODA is satisfied with all project specifications.

### Project Revisions

After a proposal is accepted and a grant agreement is entered into between the Ohio Department of Agriculture and the grantee, no modifications or changes can be made to substantially change the project scope, objectives, or budget, extend the project period, change key persons associated with the grant, or increase the budget amount without submitting a request in writing to the ODA. Adding a new contractor to the project after it has been approved must require approval from USDA. Any shift in the

budget more than 20 percent must be approved by the USDA as well. Budget changes under 20 percent must be emailed to ODA for state approval.

### **General Compliance**

Grantee agrees to comply with all applicable federal, state, and local laws in the conduct of the work under the grant agreement.

Furthermore, the Grantee acknowledges the application and documents submitted to the Ohio Department of Agriculture are considered public records pursuant to R.C. 149.43(A)(1) unless the records are not releasable due to an exemption or are protected under another state or federal law. Specifically, the Grantee may claim that some of the documentation submitted is considered a trade secret, and must establish that the record qualifies as a trade secret by following the requirements set forth in 1333.61(D) of the Ohio Revised Code, including, but not limited to, indicating which documents are considered by the applicant as trade secrets, submitting a statement describing the measures the applicant has taken to safeguard the confidentiality of the information, and what value or injury would result in the release of the information. The applicant is responsible for taking the necessary steps to establish that a document is a trade secret under R.C. 1333.61 (D).

### **Eligible/ Ineligible Expenses**

Refer to the [Agricultural Marketing Service \(AMS\) Grants Division General Terms and Conditions](#) for allowable and ineligible expenses under the program.

### **Additional Documents:**

Upon approval, successful applicants will be required to complete and submit the following documents to ODA, among others:

- Contract with ODA
- Obtain a Unique Entity Identifier (UEI)
- Form W-9 & Vendor Information Form: (If this is your first-time receiving payment from the State of Ohio.)

## **REPORTING AND REIMBURSEMENT PROCESS FOR APPROVED APPLICATIONS**

### **Quarterly, Annual and Final Reporting**

Grantees shall submit written reports detailing the progress of each project. Progress reports must be submitted to the ODA on a quarterly and annual basis. The annual report must be submitted to ODA by December 1, 2024. You will be notified by email with the proper formatting of the report prior to the due date. Refer to the USDA [“How do I report on my grant’s progress?” section](#) for more information.

A final performance report will also be required and due to ODA on December 1, 2025, and submitted in the format requested by the USDA. You will receive a reminder email along with formatting instructions. Refer to the USDA [“How do I report on my grant’s progress?” section](#) for more information.

ODA reserves the right to hold the processing of a reimbursement if an annual or final report is not provided by a sub-recipient at the approved deadline. A held reimbursement will be released for payment once that information is provided to ODA. Repeated delays in timely reporting could result in lower scoring of future projects submitted by the award recipient.

## **Reimbursements**

Please note payments for this grant are strictly provided as a reimbursement of expenses incurred. Quarterly reimbursement requests are to be submitted once a quarter with the written quarterly report and can be found at [www.agri.ohio.gov/wps/portal/gov/oda/divisions/markets/resources/SCBG](http://www.agri.ohio.gov/wps/portal/gov/oda/divisions/markets/resources/SCBG).

To receive reimbursements, an invoice must be submitted to ODA after actual expenses are incurred by the grantee. Supporting documentation for both the reimbursement and match is required with the reimbursement request. All documentation of expenses shall be required as part of the budget closeout report.

- **EXAMPLE:** Request for personnel reimbursement must include hours worked, tasks performed and hourly rate. Matching for personnel should also show the same however when submitted with the reimbursement form, please keep the reimbursement documentation separate from the match.

For more information on Ohio's 2023 Specialty Crop Block Grant application process contact Ashley McDonald at 614-728-6206, [Ashley.McDonald@agri.ohio.gov](mailto:Ashley.McDonald@agri.ohio.gov) or [SCBG@agri.ohio.gov](mailto:SCBG@agri.ohio.gov).

# Specialty Crop Block Grant Program

## Outcomes and Indicators

The grant program outcomes and performance measures outlined below reflect direct stakeholder feedback and provide a framework that allows grant recipients to evaluate project activities more accurately in relation to each program's statutory purpose.

For recipients, the measures are:

- More feasible to accomplish and measure within a grant's period of performance;
- Better aligned with grant program purpose and recipient activities; and
- More reflective of work performed during the project.

These performance measures will go into effect beginning with the FY2022 grant application cycle.

---

### Outcome 1: Increasing Consumption and Consumer Purchasing of Specialty Crops

---

**1.1** Total number of consumers who gained knowledge about specialty crops \_\_\_\_.

**1.1a** Adults \_\_\_\_.

**1.1b** Children \_\_\_\_.

**1.2** Total number of consumers who consumed more specialty crops \_\_\_\_.

**1.2a** Adults \_\_\_\_.

**1.2b** Children \_\_\_\_.

**1.3** Number of additional specialty crop customers counted \_\_\_\_.

**1.4** Number of additional business transactions executed \_\_\_\_.

**1.5** Increased sales measured in:

**1.5a** Dollars \_\_\_\_.

**1.5b** Percent change \_\_\_\_.

**1.5c** Combination of volume and average price as a result of enhanced marketing activities \_\_\_\_.

---

### Outcome 2: Increasing Access to Specialty Crops and Expanding Specialty Crop Production and Distribution

---

**2.1** Number of stakeholders that gained technical knowledge about producing, preparing, procuring, and/or accessing specialty crops \_\_\_\_.

**2.2** Number of stakeholders that reported producing, preparing, procuring, and/or accessing more specialty crops \_\_\_\_.

**2.3** Total number of market access points for specialty crops developed or expanded \_\_\_\_ . Of those:

**2.3a** Number of new online portals created to sell specialty crops \_\_\_\_.

**2.3b** Number with expanded seasonal availability \_\_\_\_.

**2.3c** Number of existing market access points that expanded specialty crop offerings \_\_\_\_.

**2.3d** Number of new market access points that established specialty crop offerings \_\_\_\_.

**2.4** Number of stakeholders that gained knowledge about more efficient and effective distribution systems \_\_\_\_.

**2.5** Number of stakeholders that adopted best practices or new technologies to improve distribution systems \_\_\_\_.

**2.6** Total number of partnerships established between producers, distributors, and/or other relevant intermediaries related to distribution systems \_\_\_\_.

Of those established:

**2.6a** Number formalized with written agreements (i.e. MOU's, signed contracts, etc.) \_\_\_\_.

**2.6b** Number of partnerships with underserved organizations \_\_\_\_.

**2.7** Total number of new/improved distribution systems developed \_\_\_\_.

Of those, the number that:

**2.7a** Stemmed from new partnerships \_\_\_\_.

**2.7b** Increased efficiency \_\_\_\_.

**2.7c** reduced costs \_\_\_\_.

**2.7d** Increased specialty crop grower participation \_\_\_\_.

**2.7e** Expanded customer reach \_\_\_\_.

**2.7f** Increased online presence \_\_\_\_.

**2.8** Number of specialty crop-related jobs:

**2.8a** Created \_\_\_\_.

**2.8b** Maintained \_\_\_\_.

**2.9** Total number of new individuals who went into specialty crop production as a result of marketing \_\_\_\_.

Of those, the number who are:

**2.9a** Beginning farmers or ranchers \_\_\_\_.

**2.9b** Socially disadvantaged farmers or ranchers \_\_\_\_.

**2.10** Number of market access points that reported increased:

**2.10a** Revenue \_\_\_\_.

**2.10b** Sales \_\_\_\_.

**2.10c** Cost-savings \_\_\_\_.

---

### Outcome 3: Increase Food Safety Knowledge and Processes

---

**3.1** Number of stakeholders that gained knowledge about prevention, detection, control, and/or intervention food safety practices, including relevant regulations (to improve their ability to comply with the Food Safety Modernization Act (FSMA) and/or meet the standards for aligned third party food safety audits such as Harmonized GAP/GHP) \_\_\_\_.

**3.2** Number of stakeholders that:

**3.2a** Established a food safety plan \_\_\_\_.

**3.2b** Revised or updated their food safety plan \_\_\_\_.

**3.3** Number of specialty crop stakeholders who implemented new/improved prevention, detection, control, and intervention practices, tools, or technologies to mitigate food safety risks (to improve their ability to comply with

the Food Safety Modernization Act (FSMA) and/or meet the standards for aligned third party food safety audits such as Harmonized GAP/GHP) \_\_\_\_.

**3.4** Number of prevention, detection, control, or intervention practices developed or enhanced to mitigate food safety risks \_\_\_\_.

**3.5** Number of stakeholders that used grant funds to:

**3.5a** Purchase \_\_\_\_.

**3.5b** Upgrade food safety equipment \_\_\_\_.

---

## Outcome 4: Improve Pest and Disease Control Processes

---

**4.1** Number of stakeholders that gained knowledge about science-based tools to combat pests and diseases \_\_\_\_.

**4.2** Number of stakeholders that adopted pest and disease control best practices, technologies, or innovations \_\_\_\_.

**4.3** Number of stakeholders trained in early detection and rapid response practices to combat pests and diseases \_\_\_\_\_. Of those:

**4.3a** the number of additional acres managed using integrated pest management \_\_\_\_.

**4.4** Number of stakeholders that implemented new diagnostic systems, methods, or technologies for analyzing specialty crop pests and diseases \_\_\_\_.

**4.5** Total number of producers/processors that enhanced or maintained pest and disease control practices \_\_\_\_\_. Of those, the number that reported:

**4.5a** Reduction in product lost to pest and diseases \_\_\_\_.

**4.5b** Improved crop quality \_\_\_\_.

**4.5c** Reduction in labor costs \_\_\_\_.

**4.5d** Reduction in pesticide use \_\_\_\_.

**4.6** Number of producers/processors improving the efficiency of pest and disease control diagnostics and response testing, as reported by:

**4.6a** Improving speed \_\_\_\_.

**4.6b** Improving reliability \_\_\_\_.

**4.6c** Expanding capability \_\_\_\_.

**4.6d** Increasing testing (i.e. survey work for pests) \_\_\_\_.

---

## Outcome 5: Develop New Seed Varieties and Specialty Crops

---

**5.1** Number of cultivar and/or variety trials conducted \_\_\_\_\_. Of those:

**5.1a** The number that advanced to further stages of development \_\_\_\_.

**5.2** Number of cultivars and/or seed varieties developed \_\_\_\_.

**5.3** Number of cultivars and/or seed varieties released \_\_\_\_.

**5.4** Number of growers adopting new cultivars and/or varieties \_\_\_\_.

5.5 Number of acres planted with new cultivars and/or varieties \_\_\_\_.

---

## Outcome 6: Expand Specialty Crop Research and Development

---

6.1 Number of research goals accomplished \_\_\_\_.

6.2 For research conclusions, the number that:

6.2a Yielded findings that supported continued research \_\_\_\_.

6.2b Yielded findings that led to completion of study \_\_\_\_.

6.2c Yielded findings that allow for implementation of new practice, process or technology \_\_\_\_.

6.3 Number of industry representatives and other stakeholders who engaged with research results \_\_\_\_.

6.4 Total number of research outputs published to industry publications and/or academic journals \_\_\_\_ . For each published research output, the:

6.4a Number of views/reads of published research/data \_\_\_\_.

6.4b Number of citations counted \_\_\_\_.

---

## Outcome 7: Improve Environmental Sustainability of Specialty Crops

---

7.1 Number of stakeholders that gained knowledge about environmental sustainability best practices, tools, or technologies \_\_\_\_.

7.2 Number of stakeholders reported with an intent to adopt environmental sustainability best practices, tools, or technologies \_\_\_\_.

7.3 Number of producers that adopted environmental best practices or tools \_\_\_\_.

7.4 Number of new tools/technologies developed or enhanced to improve sustainability/ conservation or other environmental outcomes \_\_\_\_.

7.5 Number of additional acres managed with sustainable practices, tools, or technologies that focused on:

7.5a Water quality/ conservation \_\_\_\_.

7.5b Soil health \_\_\_\_.

7.5c Biodiversity \_\_\_\_.

7.5d Reduction in energy use \_\_\_\_.

7.5e Other positive environmental outcomes (optional) \_\_\_\_.

7.6 Number of additional acres established and maintained for the mutual benefit of pollinators/specialty crops \_\_\_\_.
